MEMORANDUM FOR:	Deputy	Director for	Science and	Technology
	r	,	OCTORIO GILA	T 0 0111110 T 0 E 1

SUBJECT: Policy Decisions Regarding Phaseout of OSA

and Disposition of its Residuals

- 1. This memorandum is to provide the Deputy Director for Science and Technology and other staffs with a single document containing the policy and disposition decisions on the residual assets of OSA.

 Because of the very complex makeup of OSA and the resultant complexities of the turn over of its assets to other units (inter and intra Agency), it is intended that the attachment hereto be used as a decision document by the DD/S&T and an implementation document by other staff agencies.
- 2. In order to make this memorandum as comprehensive as possible, the following are basic planning factors and assumptions to be used herein:

	(2) The 04/30/74 OSA Position Control Roster illustrates	
	the makeup of OSA by subcomponent and staff function and is	
	used as the basis for this paper. Not included in this PCR	
	are Headquarters assigned Weather Detachment	
	and the contract personnel.	
	(3) As OSA is subordinate to both DD/S&T and the DNRO,	
	there will be some instances where joint approval of	25X1
	these senior officials will be required prior to transfer of an	
out	asset to another organization. These areas, believed to	
	require joint approval, are so noted in the following.	
	b. ASSUMPTIONS:	
	(1) OSA will be maintained as a complete unit until a	
	mutually agreed upon TACKLE termination date is established	
		25X1
	(2) The order of OSA phaseout activities will be:	
	(a) Deactivation of Detachment H	25X1
	and return of its assets to Detachment G (at Edwards	
	Air Force Base, California).

- (b) Deactivation of Detachment G and turn over of its assets to USAF and other Agency components.
- (c) Concurrent with deactivation of Detachment G, initial phasedown of Headquarters staffing will be conducted.
- (3) The total OSA phaseout activities are to be completed within 90 days of the established TACKLE termination date.
- 3. No attempt is made in this memo to reassign the OSA slots to other offices/staffs. This is due to the inherent problem of OSA being presently allotted (FY-75 and FY-76) much fewer slots than personnel assigned. However, subject to the DD/S&T's approval (or nonapproval) of the Attachment I. decisions, a reordering of available slots (OSA and others) should be the next order of priorities in this OSA phaseout activity.

	DECISION #9:	
25X1	Description: Budget & Finance Staff	25X1
	Discussion: The Budget and Finance Staff, like many of the	
	OSA staff functions, is a multiunit support role. SPS, OEL,	
	OD&E and others depend upon this OSA Staff for their financial	
	and budgeting support. It is estimated that about two-thirds of	
	this staff's work is for non-OSA activities and, as a result, it	
	should continue to function after OSA no longer exists. As it	
	appears that most of the staff's future work will be related to OD&E/	
	NRO efforts, it should be integrated into the OD&E Structure.	
	Recommendation: Integrate intact the OSA Budget & Finance	
	Staff into OD&E.	25X1
	Phaseout Timing: Transfer of this unit to OD&E can be effected	
	at any time after TACKLE decision.
